

Laura Igoveņa

'98 / LV

"Anything, Who Wants To Be" came from a comment I saw under a womens selfportrait picture in the social media platform *Instagram*, it stated – A real woman is whatever she wants to be. This is a portrait group, which looks at how identities are depicted, putting emphasis on the chance for an individual to purposefully sculpt it and to ask the question about it's authenticity.

Born February 6, 1991

Currently lives and works in Riga, Latvia
